

A hexagonal grid plot showing the X Coords of Telescope. The grid is centered at (0,0) and extends from approximately -350 to 350 on the X-axis. Several cells are highlighted with different colors: purple, orange, yellow, and pink. Some of these highlighted cells are labeled with numbers: 153, 123, 153, 124, and 153. The X-axis is labeled 'X Coords of Telescope'.
