

The figure displays a hexagonal grid of points, representing the X Coordinates of Telescopes. The grid is centered around the origin (0,0) and extends to approximately X = -350 to 350 and Y = 0 to 400. The X-axis is labeled 'X Coordinates of Telescopes' and ranges from -300 to 300. The Y-axis ranges from 0 to 400. The grid is composed of black hexagons, with a few colored hexagons (purple, orange, pink, yellow) indicating specific locations. The plot is titled 'X Coordinates of Telescopes'.
